Last date pregnancy confirmed	Method of preg check used (Note 3)	Projected Calving Date	Method of Service (Note 4)	Most likely sire of calf

Owner's Statement for inclusion in sale catalog- 75 words maximum

Note 1 All cattle consigned to the sale will be entered into the show at no additional expense to the consignor

Note 2 P=Polled, H=Horned, D=Dehorned, S=Scurred

Note 3 P=palpation, US = ultrasound, O = other (please explain)

Note 4 NS = natural service, AI = artificial insemination

Note 5 Photographs are required before the nominated heifer can be accepted for consignment.

Note 6 Pedigrees for registered Devon will be downloaded directly from the CLRC website for inclusion in the sale catalog.

Note 7 In addition to the basic information shown in the sale catalog, consignors are encouraged to display in the pen area whatever information they have that will assist a potential buyer in his/her assessment of the animal. Information that buyers often value include frame score, weight, linear measurements, average calving interval, EPD, udder scores, ultrasound, etc.

Note 8 The goal of this select sale is to offer heifers with the potential to devop into highly fertile cows that have great udders and regular calving intervals ----- deep bodied cows with the capacity to convert grass to meat efficiently, resulting in a high percentage saleable meat yield.
